Date: 14.04.2020

Dear Parents,

In the era of technology evolution, let's grab the opportunity to give effective communication between the parent and the teacher fraternity, a free flow. Let's pace up with the latest in the edutech era and give heights to the career of your child.

Welcome to the New Session 2020-21 and the new class. The nature works in a beautiful rhythm and after every night there is a day. Who knew that we would be starting the session this high flown technical way? In the adverse times of world crisis of COVID 19, the educational challenges and its catering has changed. Banasthali Public School has adapted to the latest to give you the best in education. All our teachers are working day and night to teach your ward in the most immaculate manner.

Recently school has started with the Online Classes from Class VI to XII (Except XI) via Zoom App. Kindly encourage your ward to pay attention to all the e-lectures.

We understand your concern that most of you are not having Books and Notebooks of the New classes. To remove this gap, we are also introducing SNAP HOMEWORK APP, through which we shall send you the notes and other study material/ worksheets/ assignment/ homework etc.

Teaching Learning is a two-way process and all our efforts are child centric where students are the primo. So I urge you to take the best advantage of it and have a happy learning while staying safe at home. So let's roll the wheel and make success happen.

My abundant motivation to all of you!!

Principal
