

BANASTHALI PUBLIC SCHOOL

G-Block, Vikas Puri, New Delhi-110018

Circular No. BPS/20-21/26

Date: 07-10-2020

Dear Student/ Parent,

All of you are well aware of the prevailing conditions of PANDEMIC COVID-19. Keeping in view to prevent any academic loss to our students, we have been conducting Online Teaching Classes since long. It has become possible only because of the hard work of our teachers.

Teaching and Learning is a two-way process. The students will be able to get the benefits of online teaching if and only if they are punctual, regular, disciplined and follow the school guidelines.

It has been observed by the school authorities that some students of higher classes specially VIII to XII are involved / active in social media groups of Facebook/Instagram/WhatsApp etc. which work against School Fraternity. We have confirmed evidences against some of the students who are continuously involved / active in posting matter / highly objectionable remarks against the School/ School Teachers. This is a serious Cyber-Crime and there is a provision of strict punishment under different Indian Penal Codes. In case, if the matter is reported to the Police/ National Cyber Crime Agency, the course of action will follow accordingly against the students who are involved.

As such students are warned not to spoil their career by involving in such unethical activities. ***They are recommended to disassociate themselves immediately from such Social Media Groups otherwise the school will be compelled to take strict action against them.***

Parents are specially requested to have a sharp eye-watch over the activities of their wards, to avoid such unprecedented problems, so that students concentrate only on their studies.

Principal
